Give a brief description about your individual contribution to the IEEE activities of your Branch and Delhi Section. (250 words)

During my tenure as an IEEE student member, I have consistently contributed to the growth and effective functioning of my Student Branch and the IEEE Delhi Section through both operational and creative roles. Recently, I played a key role in managing and overseeing the financial aspects of major events, including the felicitation ceremony and the Cycog event, ensuring smooth execution, accountability, and transparent utilization of resources. I also contributed to the successful submission of the R10-2025-EA Post Event Report, demonstrating attention to detail and adherence to IEEE reporting standards. Additionally, I took the initiative to apply for funding for SheTech, aiming to expand opportunities and enable impactful initiatives within the branch.

Prior to this, I actively contributed as Content Head and Vice Creative Head, where I managed content workflows, drafted Minutes of Meetings (MoMs), and ensured clear, structured communication across teams. I also designed posters, social media creatives, and promotional materials, significantly enhancing the visibility and outreach of IEEE activities. My contributions extended to the IEEE MRU Newsletter, ensuring engaging and high-quality content representation.

Furthermore, I have been actively involved in organizing technical and engagement-driven events such as "Algo Rhymes," "Syntax Showdown," "Dart Frenzy," and "Squid Game," which collectively witnessed enthusiastic participation and strengthened student engagement.

Through these experiences, I continue to foster collaboration, demonstrate leadership, and contribute towards impactful IEEE initiatives.
